

SEVENTEEN KILLED IN TROLLEY WRECK

Car Bearing Excursion Party to
Niagara Falls Jumps Track
When Rail Get Slippery from
Rain.

BUFFALO, N. Y., July 5.—Seven-
teen persons are dead as a result of
the trolley wreck at Queenstown, Ont.,
last night. Nine persons were killed
on the spot, the others dying on the way
to and in the hospitals in Toronto and
Niagara Falls, Ont. Seventy-five were
injured.

The victims were members of an
excursion party to Niagara Falls, and
were on board a trolley car which
was returning to Queenstown to board
the boat which would take them to
Toronto. The car was going at top
speed when it jumped the track at
Queenstown heights.

The officials of the International
railway, which operates the line, at-
tribute the wreck to the slippery
condition of the rails due to the heavy
rain. The wreckage had been cleared
away this morning.

The dead accounted for at 9:30 this
morning were:

Mrs. Margaret Sloan,
Mrs. M. J. Hart,
Mrs. Alexander Wensley,
Harold J. Partridge,
Charles O. Jennings,
Dorothy Keates,
Mrs. William Orr,
Mrs. Corndie,
Robert Watson,
F. W. Drank,
Roy Young,
R. Wiggins,
F. W. Grant,
F. Boge,
Miss Rose Wheeler,
F. Page.

One unidentified girl about 26
years old.

All the victims of the disaster were
Toronto people, who were part
of three local Sunday school picnics at
Niagara Falls.

The accident occurred at 6:20 p.
m. At the time the trolley was
waiving at the dock only a hundred
yards from the scene waiting to take
that carload with the hundreds of
other picnickers home to this city.

Instantly the trolley operator on
the steamers sent calls for medical aid
from Niagara-on-the-Lake.

Soldiers Aid Victims.

The tree which the car struck rent
the latter assunder and piled the pas-
sengers one upon the other. They
would have been suffocated as they
lay had not soldiers guarding the
Canadian end of the suspension bridge
rushed to the scene and rescued them
from the struggling heap.

The picnickers were from the Sun-
day schools of three churches in this
city—Westmoreland Avenue Metho-
dist, St. John's Presbyterian and
Wood Green tabernacle Methodist.

A wave of anxiety and gloom swept
over this city when the first meagre
reports reached here by wire and
telegram. The hospitals had orders
of people crowded the Yonge st. dock
awaiting the arrival of the ship of
gloom.

Ship Becomes Lost.

To add to the anxiety of those
aboard the Chippewa bringing back
most of the wounded and some of the
dead, became lost off this harbor in
the thick mist and torrential rain.

Tugs were sent to her assistance.
The wireless equipment saved her
from going miles out of her course.
Those who died on the Chippewa
from injuries were:

Mrs. Sloan, Fairview boulevard.
Mrs. Hart, Broadview av.
Mrs. Wensley, Bain av.
Mrs. William Orr, 8 First av., all of
Toronto.

LOOKS LIKE SUICIDE PACT

Man and Woman Found Dead in Rug
Factory.

RUSHVILLE, Ind., July 5.—Orville
Andrews, 23, and Manda Mellesch,
19, were found dead Wednesday
in a rug factory in the northern part
of the city. Both had been shot
through the head. It is supposed An-
drews first shot the girl and then
killed himself as the result of a sui-
cide pact.

The bodies were found by Charles
Andrews, owner of the factory and
brother of the dead man, when he
returned today from his vacation.

Orville Andrews was a divorced
man. Sunday morning he hired a
horse and buggy at a Linwood livery
barn and drove to Rushville. When
he failed to return the outfit to the
Linwood livery the police here were
notified. Miss Mellesch lived north
of the city. Andrews' home is in
Rushville and he comes of a promi-
nent family.

The girl has always borne a good
reputation.

Rumors that the tragedy may not
have been the result of a suicide pact
are being sifted by the police.

LAUNDRY DRIVER IS HEIR

Fred Bulmer Informed Uncle Left
Him \$100,000 in Will.

MACON, Ga., July 5.—While out on
his rounds driving a laundry wagon
Wednesday morning, Fred Bulmer, a
young white man, who came to Ma-
con two years ago, from the north,
received a telegram from his father
news in New York notifying him that
by the death of an uncle he is the
sole heir to an estate estimated to be
worth \$100,000. Bulmer quit his job
at once and has already taken a train
to New York.

U. S. WILL RELINQUISH NO VITAL PRINCIPLES

Pres't Wilson Reaches a Decision Re-
garding Germany's
Proposals.

WINDSOR, Vt., July 5.—Pres't
Wilson Wednesday night reached a
decision regarding the tentative pro-
posals made by Germany in the
American government and accord-
ingly sent instructions to Ambassador
Gerard through Sec'y of State Lan-
sing.

The president has finished his study
of the German communication which
is believed in well informed circles to
point the way to a settlement of the
difficulties between the two govern-
ments. It is understood that it paves
the way to an agreement by which
the United States will relinquish none
of the vital principles upon which it
has based its case on the two Lusitania
notes and yet will be accept-
able to the Berlin foreign office.

Pres't Wilson will not comment on
the negotiations. He still is await-
ing further information from Amba-
sador Gerard before reaching a final
determination of all the points at is-
sue. The exact character of Pres't
Wilson's instructions could not be as-
certained Wednesday night, but it is
known they do not modify in any
vital element the original demands of
the United States. The president ex-
pects the German note to reach
Washington next week, and plans to
return to the white house at that
time.

Several cable messages relating to
Mexican affairs were received from
Sec'y of State Lansing today, but their
contents were not made public.

BANK ROBBERS HOLD CROWD OF 100 AT BAY

How Safe of England, Ark., Bank
and Get Away With \$200
in Silver.

LITTLE ROCK, Ark., July 5.—
Seven men early Wednesday battled
with 100 armed citizens of England,
Lonoke county, near here, and es-
caped after dynamiting the safe of
the Bank of England and obtaining
\$200 in silver. Three charges of dynamite
failed to dislodge the inner doors of
the bank's safe. During the revolver
battle N. W. Hitcock, town mar-
shal of England, was seriously
wounded.

The seven men first broke into a
hardware store and obtained revolv-
ers, ammunition and tools which
they used in preparing the bank safe
for dynamiting. Three members of
the gang entered the bank and set off
three charges of the explosive un-
successfully. Meantime the others of
the robbers stood outside and by con-
tinuously firing their revolvers kept
the armed townspeople at a safe dis-
tance.

Leaving the bank the robbers drove
100 armed citizens into the largest
hotel in the town and drove away in
an automobile.

So great was the enthusiasm among several prominent social workers to
greet Miss Jane Addams, the noted Chicago worker, upon her return from
the Woman's Peace conference at The Hague, that they went down the bay
in New York on a revenue cutter and climbed the ladder on the side of the
St. Louis to greet Miss Addams.

VIEW RELIC DURING RAIN

Ten Thousand People See Liberty Bell
at Peoria.

PEORIA, Ill., July 5.—More than
ten thousand persons Wednesday
braved a cold driving rain to view the
Liberty Bell, which remained here for
one hour. Headed by a band, Mayor
Woodruff, members of the city coun-
cil and several hundred school children
marched from city hall to the foot of
the Main st., where the car was on the
Rock Island tracks. Two elevated
platforms on each side permitted the
visitors to get an intimate view of the
historic relic. Many leaned over to
touch the bell with a coin, watch, or
with their hands.

CHANGE OF VENUE GIVEN PLAINTIFFS

Question of Water Works For
Lakeville Will Get an Addi-
tional Airing in Superior
Court.

A change of venue to the superior
court was taken Wednesday afternoon
by the complainants in the case of
Fred E. Van Liew against the trustees
of the town of Lakeville following an
advance ruling made by Judge Funk.

In sustaining a demurrer to a second
paragraph of complaint Judge
Funk ruled that the trustees of the
town are acting in good faith and
are within their legal rights in their
attempt to secure a waterworks plant
for the town. The ruling was made
Wednesday morning. The complain-
ants asked leave to file an amended
second complaint and the case was
then continued until afternoon at
which time the change of venue was
taken.
